

# Have Yourself a Merry Little Christmas

*-from the film meet me in st louis*

G            Em            Am                    D  
Have yourself a merry little Christmas  
G            Em            Am            D  
Let your heart be light  
G            Em            Am                    Bm            Em            D  
Next year all our troubles will be out of sight

G            Em            Am                    D  
Have yourself a merry little Christmas  
G            Em            Am            D  
Make the Yuletide gay  
G            Em            Am                    Bm            Em            D7  
Next year all our troubles will be miles away

[Bridge]

          Cm                            Bm  
Once again as in olden days  
          Am                    D                    G  
Happy golden days            of yore  
Em                                    Bm  
Faithful friends who were dear to us  
          D                    A                    Am            D  
Will be near to us            once more

[Verse 2]

G            Em            Am                    D  
Someday soon we all will be together  
G            Em            Am            D  
If the Fates allow  
G            Em            Am                    Bm            Em            G  
Until then, we'll have to muddle through somehow  
          C                    Am                    D                    G  
So have yourself a merry little Christmas now.

[Outro]

G Em Am D x2
